The Grimsby Independent MORE THAN A NEWSPAPER-A COMMUNITY SERVICE

VOL. LXIII-No. 17-12 PAGES

GRIMSBY, ONTARIO, THURSDAY, OCTOBER 30th, 1947.

Into Effect On November First.

A great majority of the fruit growers in the Niagara Peninsula will be surprised to learn of the Governmental Bill, or An Act Respecting Farm Products Containers, that was passed through the Ontario Legislature last April.

This Act provides for the licensing or compulsory payment of fees by all growers who purchase containers, said fees to be turned over to the Ontario Fruit Growers' Association, presumedly for promotional work, advertising, etc., for the betterment of the fruit industry.

Under the Act a fruit grower purchases 1,000 baskets from the Canadian Package Sales Co., or from a container manufacturer direct. The baskets, for instance, will cost him \$70 a thousand, he then is invoiced at one per cent on that purchase, or 70 cents, which is collected by the selling agency of the manufacturer, much in the same manner as sales tax, and turned over to the association.

A grower who used 10,000 baskets would pay a license or fees to the amount of \$7, and so on.

On the other hand a grower who sells his whole crop direct to the (Continued on Page 9)

Joseph Hands Did Just That And Crashed Into Another Car-Magistrate Rated The Snooze Highly.

Joseph Hands, of Grimsby, was fined \$25 and \$15 costs on charges of careless driving Thursday morning in Magistrate H. D. Hallett's court on charges arising out of an accident on Highway No. 8 on the 1947. night of September 27th.

Hands, who was heading for the Hotel Henley at the time, was the driver of a car which was involved in an accident with a car driven by Joseph Soltosz just west of Beamsville. According to the four persons riding in the Soltosz car, Hands crossed the highway onto the shoulder of the road, on his wrong side, clipped off a mail post and came back onto the highway to strike the Soltosz auto. There cars, Joseph, the driver, and Steven Soltosz and Dorsan and Donald Frizzell. All told the same story.

Hands said that he suddenly fell asleep at the time of the accident (Continued on Page 9)

FRUIT GROWERS WILL NOW PAY Record Patient Increase FEE ON CONTAINER PURCHASES At West Lincoln Hospital New Act Provides For College.

New Act Provides For Collection Of One Per Cent By Selling Agency Or Manufac-turer—Money To Be Turn-Into Effect On November

A great majority of the fruit growers in the Niagara Peninsula will be surprised to learn of the Governmental Bill, or An Act Respecting Farm Products Containers, that was passed through the Ontario Legislature last April.

This Act provides for the licensing or compulsory payment of fees by all growers who purchase containers, said fees to be turned over to the Ontario Fruit Growers' Association, presumedly for promotional work, advertising, etc., for the betterment of the fruit industry.

Under the Act a fruit grower purchases 1,000 baskets from the Canadian Package Sales Co., or from a container manufacturer direct. The baskets, for instance, will cost him \$70 a thousand, he then is invoiced at one per cent on that purchase, or 70 cents, which is collected by the selling agency of the manufacturer, much in the same manner as sales tax, and turned over to the association.

A grower who used 10,000 baskets would pay a license or fees to the amount of \$7, and so on. On the other hand a grower who

sells his whole crop direct to the (Continued on Page 9)

COST S38 TO FALL ASLEEP AT WHEEL

Joseph Hands Did Just That Car-Magistrate Rated The Snooze Highly.

Joseph Hands, of Grimsby, was fined \$25 and \$15 costs on charges of careless driving Thursday morning in Magistrate H. D. Hallett's court on charges arising out of an accident on Highway No. 8 on the 1947. night of September 27th.

Hands, who was heading for the Hotel Henley at the time, was the driver of a car which was involved in an accident with a car driven by Joseph Soltosz just west of Beamsville. According to the four persons riding in the Soltosz car, Hands crossed the highway onto MAGISTRATE SKEPTICAL wrong side, clipped off a mail post and came back onto the highway to strike the Soltosz auto. There were two pairs of brothers in the cars, Joseph, the driver, and Steven Soltosz and Dorsan and Donald Frizzell. All told the same story.

Hands said that he suddenly fell asleep at the time of the accident (Continued on Page 9)

BUT DISMISSES CASE

Lorne Prevost Charged With Assaulting Girl Gets His Freedom On Lack Of Proof.

Lorne Prevost, of Grimsby, had charges of assault dismissed in Magistrate H. D. Hallett's court Thursday morning. His case had been adjourned from October 17th when he was instructed to bring witnesses, if possible, to verify his alibi of being in Winona at the time Elizabeth Nickerson claimed to have been struck by a man in an alley at Grimsby.

Chief of Police Turner of Grims (Continued on Page 9)

Government Severely Criticized For This Lack Of Law By County Councillors -M.O.H. Says That Many Of The Canneries In Eight Municipalities Are A Nusiance To The District.

A stinging attack on the Cntario Provincial government was laurched at the sessions of the Lincoln County Council in St. Catharnes last Tuesday for failure to provide health units with the proper authority to deal with alleged nufances created by canning factories in the Niagara District.

The attack, following an addfess by Dr. D. V. Currey, Medical Of day for each of the succeeding days ficer of Health of the St. Catharines-Lincoln County Health Unit, was spear-headed by Reeve Walter 4 Sheppard of Niagara Township, Reeve Robert M. Johnston of Port Dalhousie, Deputy-Reeve Ivan D. Buchanan of Grantham Township and Reeve John L. Hewitt of the Town of Grimsby, Mr. Buchanan declared that the Ontario government was lagging behind with the necessary legislation.

HEAVY FINES IMPOSED ON INCOME TAX CHARGE

Wm. And Eva Bolus Of St. Catharines Failed To Make Proper Returns For Four Years.

Fines totalling \$5,050 were levied against Wm. Bolus and Eva Bolus of St. Catharines, on income tax charges on Saturday morning in Magistrate H. D. Hallett's court.

Eva Bolus, wife of William, was charged on four aeparate counts covering the years 1942, 43, 44 and 45 with evading income tax payments and with making false returns. William Bolus was charged on two counts of acquiescing in the making of false statements by Eva Bolus for the years 1944 and 1945. Both defendants pleaded guilty on all counts.

Evidence in the case was given

For First Nine Months Of This Year 1,111 Cases Treated As Compared To 927 For Whole Year Of 1946-181 Babies Brought Into The World -New Equipment Has Been Donated-Plans For Construction Of New Wing Under Consideration—Government Will Make Grant Up To \$1,000 Per Bed.

The Independent is pleased to reprint an interim report by the Superintendent of the West Lincoln Memorial Hospital covering the period from January 1st to September 30th, 1947, which has been compiled for the information of the Municipal Councils of Beamsville, Grimsby, Townships of Clinton, North Grimsby, South Grimsby and Winona.

The above Municipalities have subsidized the operation of Hospital at a rate of 60 cents per capita not to exceed eight tenths of one mill, which together with the support of the Lincoln County Council and the Provincial Government has maintained the following service to our people.

West Lincoln Memorial Hospital, Interim Report Ending September 30th, 1947.

FACTS & FANCIES

Frank Fairborn, Jr.

THE VILLAGE INN STILL STANDS

Words cannot express the high commendation that must be given to Fire Chief Alf. LePage and his men of the Grimsby Fire Department, by the citizens of this Town and district, for their courageous and remarkable work on Thursday afternoon last.

Only through the leadership of Chief Le-Page and the well trained work of his men is one of the Fruit Belt's greatest institutions in existence today.

The Village Inn still stands, and we hope for many years to come, thanks to Chief Le-Page, his men and the fact that he has equipment at his command to cope with a serious situation.

Fire ravaged the basement of this fine old hostelery, but with the exception of one minor spot never got up into the first floor. Smoke damage, yes, plenty, but fire damage. NO. The building stands just as intact today as it did a year ago.

When Chief LePage and his truck arrived on the job he took in the situation in a flash. Ordered two lines of high pressure hose laid and battled the fire with water in the basement where the drains could carry away the fluid. Used fog nozzles and all other equipment at his command and won his battle. He has no control over smoke damage. He never made a call for a second crew of men or for the second truck which stood in the hall, fully manned to answer a call, if one came in, from either the Town or Township.

It is not too many years ago that Fire Chief LePage or no other fire chief could have battled that fire and beat it successfully. Why? Because they did not have the equipment to do so. Thanks to some of the men still sitting in our two councils and particularly to some of the men who have passed out of municipal life, that equipment is now in existence and was used to wonderful advantage last Thursday.

Many thanks to the fact that the equipment was on hand and particular thanks to Chief LePage and the men of the Grimsby Fire Department. THE VILLAGE INN STILL STANDS.

LET'S FACE FACTS

Next to war the worst enemy that the people of Grimsby have is the Fire Demon.

Three times, within my time, we have gone to war and we have won out, with a minimum loss of life and all dependents taken care of. Are we going to win out on this Fire Demon war with all dependents taken care of? ??

At The Village Inn fire on Thursday last a wonderful job was accomplished by the Grimsby Fire Department, but in accomplishing that job two firemen passed out of the picture and several others were close to the curtain coming down. That only brought back to me a question that I have debated within myself for several years past. Being an old firemen and having gone through all that the present fire laddies go through 1 know what I am talking about.

When I stood and watched the battle that those boys put up at the Village Inn and watched Provincial Constable Teddy Hope rendering First Aid to Fireman Norm Morningstar and to Fireman Ernie Stuart, this old piece of ivory that I wear above my shoulders was doing a lot of thinking and I came up with the thought "if Norm passes out what becomes of Mrs. Norm and those two little girls, what becomes of Mrs. Ernie and that little family that she held together while Ernie was battling overseas???

Folks, it is quite nice to crawl into a comfortable bed at night, lay your weary head upon your pillow and say to yourself "well, if anything happens Chief LePage and the boys will be here." Nice thought. Beautiful thought. But did you ever stop to think about who would take care of the wife and kiddies of one of those boys if they "Go West" in saving your property. Sure, the fire bell would toll. The floral wreaths would be numerous and magnificient. The letters and telegrams NEWSPRINT FISHING TRIP

Editorial in The NEW YORK Daily News, October 10th, 1947

There is a world shortage of newsprint—the stock of which newspapers are printed. You're holding a nice piece of it in your hand as you read this editorial. The U. S. Department of Justice, needled by radicals in and out of Congress, has started out recently on a peculiar looking anti-trust fight against some of the big Canadian paper companies on the ground they do business in the United States.

Not knowing exactly what it was after, the Justice Depart-INSULTING OUR ment, making sweeping charges of price-fixing and other evil practices, BEST NEIGHBOR a few weeks ago served subpoenas on three of these companies, ordering them to produce the records of their Canadian operations. These records are mainly in Canada, of course, and to bring them down here would be an immense

These subpoenas, too, would require a lot of Canadian citizens to come into the United States and submit themselves to the mercies of our Justice Department and our courts. Offhand, we can't think of a proposition much brassier than that. The Canadians resented it bit-

A Congressional committee has just visited Toronto, where it went, not to help the Justice Department's witch hunt along, but to inquire whether there is any way to increase Canadian shipments of newsprint to this country. The committee was invited by the Can-

In the course of conversation, the chairman-Representative Clarence J. Brown (R-Ohio)—hinted to the Canadian paper people that they tell the U. S. Department of Justice to go to hell as regards yielding up any of their records. That sounds like a good idea to us. It seems to us, too, that the Justice Department could find better ways to use its time and expense money than this business of insulting the best friend the United States has, meaning the Dominion of Canada.

Canadian paper producers' faithful adherence to their U.S. contracts, in the face of stores. soaring newsprint prices elsewhere, is one of the biggest reasons why U. S. newspaper readers can buy as many papers as they can. If the Canadians wanted to get tough about it, they could cripple production of papers from Maine to California.

Instead, they are straining themselves to meet all U.S. demands, have set an all-time production record this year, and expect to do even better in 1948.

But far from showing some decent appreciation, our Attorney General starts a fight in which Canadian toes are bound to be stepped on and Canadian feelings irritated. Where is the sense in that, and why go on with it?

would be multitudinous, but two weeks afterwards the litle wife would be out on the street hunting for a job and possibly for something to eat. You had forgotten all about her late lamented husband and about her and the kids.

Don't come back at me with that insurance idea because the men of the Grimsby Fire Department are only insured for \$3,000 and by the time that my good friend Stonehouse gets done giving that fireman a good decent burial one-sixth of that \$3,000 is gone unless he digs into his own pocket and puts up a lot, which he would be very liable to do. So you can see that twenty-five hundred dollars is not much for a widow and a couple or three or even more children to go out and face the world on, particularly when the father died in YOUR service.

I often talk with pleasure to one of the best posted and one of the most highly respected fire insurance men in this province, Charlie Kirk, and he has told me times without number that the reason that the Grimsby fire insurance rate was as low as it was, was two factors, an excellent waterworks system and a well directed, well trained fire depart-

Now then, people, you benefit from those two facts. Then why not protect those benefits. The one you have, the other you have not. You have protected your waterworks system by having the best men available at the head of it. But have you protected your Fire Department? No.

It is about time that you did. I am not going to find fault with the members of the Town or Township Councils whose members represent you on the joint Fire Committee. because they are only carrying out the wishes that you wish, but some day you may wish that they had not carried out those wishes and then you would only do what you always do, blame it back on them.

I would just like to see some citizen in this Town or Township, and there are some, that would come forth and say to the members of the two councils: "Gentlemen, put \$10,000 insurance on the life of every one of those men. The premium on those policies out of the municipal coffers would not amount to a tinker's hoot in Timbuctoo and

you know how much that is worth. Add it up against your savings on your insurance premiums and see who is the gainer.

BE PREPARED

Householders who want to meet the emergencies of cold weather in the most economical manner are offered a few "don'ts" by the Canadian Institute of Plumbing and Heating. The Institute cautions that amateur plumbing may be an interesting hobby, but it can also be expensive.

The following advice is given:

1. Don't try to thaw out frozen water pipes with an open flame. The only way is to use hot cloths. Master plumbers and heating contractors have equipment which will thaw pipes out with an electric current.

2. Don't use a plumber's torch to thaw pipes. In inexperienced hands, the torch may be a dangerous instrument. It may cause fire or explosion.

3. Don't use lye, potash or drain solvents to thaw out frozen water pipes. You risk serious injury to yourself or to workmen who may try to undo damage you have done.

4. Don't assume that frozen pipes will thaw unaided as the weather gets warmer. When pipes freeze, call a plumbing contractor at once. The damage caused by a frozen pipe which bursts may far exceed the cost of having it thawed out by a plumber.

5. Don't pour boiling water into frozen toilet bowls. A sudden and extreme change in temperature is very likely to crack the vitreous china bowl.

6. Don't draw water from the "draw-off" faucet of the domestic hot water boiler if the announces that the two-plate system of motwater pipes are frozen. The boiler might collapse under the vacuum created.

7. Don't let the water run low in the boiler of a steam heating plant. Instead of trying to watch the water line, better have the boiler equipped with a device which automatically keeps it supplied with the right amount of water and cuts off if the water is dangerously low.

8. Don't neglect to have worn or obsolete

His Excellency the Viscount Alexander of Tunis, governor-general of Canada, is shown as he went aboard the Canadian Pacific Liner Empress of Canada at Montreal, to greet his wife on her return from a six-weeks visit to the United Kingdom. In the grou above, left to right, are Lady Alexander, James Muir, general manager of the Royal Ban of Canada, Dr. Gaspard Fauteux, speaker of the House of Commons, all passengers on the ship, and Lord Alexander.

The guns will be blazing tomorrow and Saturday. Pheasant days. The district will be full of hunters and would-be hunters out of the city. Incidentally, there will be a lot of disappointed ones, too, for the birds are pretty canny.

Davey Thomson came forth with the information that the reason the street lights were on all moning on Thanksgiving Day was because a "relay" in the circuit was burned out, also since the treeshave been trimmed the people can now see the

air valves replaced on radiators of steam heating plants. Poor air valves are one of the most common causes of complaints about poor heating. It is a complaint that can be avoided if air valves are checked by a heating contractor once a year.

9. Don't neglect to vent radiators of hot water heating plants occasionally. Remember that if the radiator is full of air, it can't be full of hot water or steam, and you won't get the heat which the combustion of fuel is putting into the water.

10. Don't expose hot water radiators in bedrooms to freezing temperatures by opening windows wide during extremely cold nights. Leave shut-off valves open a little bit to permit circulation of water during cold

WHY DETACHABLE CAR PLATES?

The Ontario Department of Highways or licenses will be resumed next year. In the interests of law observance, probably numbers should be carried in front, as well as in rear. So long as we continue the present practice of using nonpermanent detachable plates, however, adding another will mean more rattle and exasperation for the motorist.

Surely we should be able to devise some system of using a permanent car marker, preferably welded solidly to frame or body. So handled, it would look much neater and could not rattle, fall off or catch on things. Even more important, it would make car stealing far less easy. At present, a few minutes' work with the screw driver and a switch of plates, gives the thief almost complete protection.

Furthermore, permanent plates would make it much easier to develop some effective interprovincial system for catching car thieves. Today their work is easy: the job expected of the police very frustrating in-

LITTLE AND BIG THINGS

Many persons feel that their daily lives BARRISTER, SOLICITOR, ETC. are made up of a great number of very small things. It may seem to them when the day's work is finished, that they have not accomplished anything important.

This reminds one of the old story of the rural newspaper correspondent who once in her haste sent off an item which read: "Mrs. A. . . spent yesterday." In her haste, she omitted to say where Mrs. A. had spent that day. So some people feel that they are just Saturdays Ohly - 2 to 5 p.m. spending their time, without getting anywhere. This is often true of the labors of women in their homes.

The lives of many of them seem an infinite round of a great number of little things. Cooking the meals, washing the dishes, cleaning rooms, mending the children's clothes, making beds, and so on. Their lives may seem to some to be made up of trifles. Yet all these little things they do are part of the wonderful job of making a happy and healthy home.

_____ Don't tell your troubles to others, most of them don't care a hang, and the rest are glad of it.

(By R. J. DEACHMAN)

I have mentioned it before, I say again. The most interesting thing in my work is the comments I get, especially from the farmers of Western Canada, Sometimes I think they are more puzzled now about the future of farming than they ever were before.

I lived in the West for twentyone years. I have been all over it with the exception of the extreme North. I have written for Western papers about the East and for Eastern papers about the West. Some of these people when they see something I have written with which they are in accord write and thank me. They write, too, when they are not in accord-that, too, I value. The Scots have a phrase for it: "The best of folk are the better of being spoken to."

I had a letter the other day from a man in what I would call Central Manitoba. He told me a story about the old days. A neighbor of his went to town with a grist. When he came to the river the bridge was gone. He plunged boldly into the water with the oxen and got safely to the other side. There he met a preacher riding on a pony. "Are you saved" said the minister. "Yes, I be." he answered, "but I have my doubts about you. I have crossed the river but you be on this side and the bridge be down." The world has gone a long way since John Bunyan wrote "Pilgrim's Pro-

My friend put up a question, an old one in the West-it still survives. "Suppose," he writes, "there are a hundred banks in Manitoba. On Monday morning they start loaning and in five years they have \$50,000,000 outstanding. Then they begin to call in their loans. What happens? The answer is hard times and depression." Statements like that were quite common during the depression of the thirties.

reality: (1)-Banks are money lenders. That is not their entire source of income, they have investments, they render services for which small fees are char-

Let us put them to the test of

(2)-Why should banks call their loans, "draw in their money," deprive themselves of their income unless they thought that it was necessary to protect their depositors, prevent their borrowers from overeaching.

(3)-But isn't it true that banks are more willing to loan at one time than they are at another? Certainly. When skies are clear and prospects bright they are more eager to loan. Remember, too, that is the best time to borrow. It's a case of willing borrower meeting willing lender. There are, however, times when, in the interests of all it is advisable to apply the brakes to credit ex-

But are the banks always reloans? Is there not at times a decline in demand which is somewhat different from a reduction in supply? Here is a statement from an expert, one who has written widely on this subject:

"Ordinarily, to bring about a contraction of credit, banks must take positive steps to deter traders from borrowing. But it may happen that demand is so contracted and markets so unfavorable that traders, seeing no prospect of profit, abstain from enterprise and do not borrow. The re-

STRATOSPHE ERE STROLL

Prospectors have a saying that "gold is where you find it." And they can back up that contention wth numerous examples of great gold mines of today that were discovered by accident. They can also apply that saying to other metals "an gold. Take, for instance, nick-

The only reason Thomas Tait strolled up the right-of-way beyond the construction camp of Sudbury that day sixty-four years ago was to put in time while awaiting the return to his private car of Sir William Van Horne, vice-president and genera manager of the Canadian Pacific Railway who had gone up ahear on an inspection trip. In that cear the Canadian Pacific Railway, under construction from coast to coast and literally welding Canada together with hands of steel had penetrated, on its way to the pacific, well into the rocky wilderness of North Ontario. Now Tait was nether an engineer nor a prospector but the private secretary to Van Horne. It was Tait, however, who was attracted by the glistening formation in the rock cut, pocketed a few samples, and took them back to Montreal weighs 357 pounds. The young

It was there that they attracted the attenion of an American proster, S. v Ritchie, who took them to be assayed. Their copepr content intrigue: Ritchie to the extent that he purchased ten thousand acres of land in the vicinity of the contruction camp of Sudbury and early in 1886 formed a company to develop the ore. Utterly disappointing was the result of the firs shipment to the smelter. It contined two and one-half per

cent of the metal, nickel. amounted to \$2,279,000,000 in 1929 Back in the eighteenth century —dropped to 1,141,000,000 in 1936. the miners of Saxony in their efforts t. smelt copper ores had encountered a reactionary element Manufacturers borrowing to purand produced only a worthless alchase raw materials, required less loy. Tothis ore they gave the name money, prices of raw materials had "kupf-r-nickel" after "Old Nick," dropped. All these things were facthe de-il himself. But what the tors in reducing the volume of Germans scorned as "Old Nick" money required. Don't blame all the Chinese had for centures exyour troubles on the banker, he has ploitet commercially, a shiny white metal that they called "Paktong." And h 1851 a German scientist isolated this metal and gave to it Anyone interested in public the name of nickel. But even with health, and, in fact, in almost any the solving of the metallurgy and phase of health conservation, may its successful production there restudy it free. The federal govern- mainet practically no demand for ment, in co-operation with provin- it. For no supplies of nickel were

cial authorities, issues a whole known to exist. Perceiving that here at Sudbury series of very informative publications. These may be had on ap- had been found a rich deposit of plication to any Provincial or local nickel, Ritchie set out to find a marké for his ore. His suggestion Such terms as "disinfection," to Kripp, the German gun-maker, that | be used in the manufacturer "disinfestation." "fumigation," "isof arnaments was scorned. But a olation," "quarantine" and others paper presented before the Iron related to procedures recommended and Steel Industry of Edinburgh by health authorities are explained as well as methods adopted in pre- surgested this very use. Interest was awakened and the United States Government requested the The ideal home is the one where Orford Copper Company to proyou will find more children than duce nickel for its use. Metallurgical difficulties were encountered and solved: new uses were found for the metal and the world was combed for supplies of this now valuable ore. And at Sudbury were

they found. Turn now to the year 1947. In the oyster shaped basin in this rocky northland, where little more than half a century ago stood only a rough construction town, great smokestacks tower into the sky, at their feet sprawl immense headframes and concentrators and smelters, and deep down in the bowels of the earth miners blast loose the ore rich in copper, nickel lot platinum and other minerals are has produced more wealth that any other mining camp in tharia. Here stand the modern Cana' Sudbury and the adjoining city of Copper Cliff, Creighton townsConiston, Garson, Levack Minealconbridge. Here is the famand good Mine, Canada's greatest ous F producer and one of the copperleading sources of platinworldpraised as the world's most se know mineral deposit. valuabproduced over 90% of the Here nickel. Already over 140,world tons of ore, valued at \$1 .-000,00000 have been mined from soo och storehouse.

nickel, as well as gold, is Ye you find it." Accidentally red, it led to the building of rn Ontario's largest city,

Another member of the legal profession, John Franklin, was Agriculture. elected to fill the secretary-treasurer's position. Wilf Stewart, Niagara township, was re-elected first vice-president. Mrs. Hubert Carl is second vice-president.

LOCAL W.P.T.B. OFFICE

Effective Oct. 31, 1947, the area now served by the local office of the Wartime Prices and Trade consolidated under the jurisdiction of the Toronto office, it is announced by H. L. Bunting.

This is in line with a policy of economy adopted by the Board which has completed a number of other consolidations in various parts of Canada.

On and after Nov. 1, 1947, an organization to handle rental matters is being maintained at St. Catharines in the Dominion Build ing at the corner of King and Queen streets on the fourth floor. All other services will be supplied by the regional office of the Board at 330 Bay Street, Toronto.

WINS A PRIZE FOR CATCHING BIG FISH

Philip Wismer, 14-year-old Jordan Station boy, beat his famous fisherman father and all other anglers who entered the fishing contest conducted this season by the St. Catharines and Lincoln County Game and Fish Protective Association, it was revealed when contest results were announced at Tuesday night's Association meeting at the Queensway Hotel.

Young Phil's large mouth bass weighing four and a half pounds, caught in one of the "holes" which his father has successfully scouted for years, not only won the bass section, but brought Phil the prize for the biggest fish in the junior section, and incidentally was the largest fish entered even by seniors. His dad, Philip Wismer, had to be content with a bass weighing three pounds, 15 ounces to take second prize in the bass section.

FRUIT DEALERS FINED

On October 9th, 1947, the followng fruit dealers were fined at the City Hall, Toronto, for violations of the Ontario Farm Products Grades and Sales Act:-

M. Fess, R.R. No. 1, Niagara-onthe-Lake, Ont., \$10 and costs for overfacing six quart baskets of dill

Nick Zurawell, Milliken, Ont. \$25 and costs for overfacing and falsely representing dill cucumbers. Mac Shore and Harry Ash (Mac Fruit Co.), 86 Colborne St., Toronto, \$10 and costs for violation of the Package Regulations, selling tomatoes in packages not standardized under the Farm Products Grades and Sales Act.

Mitchell Pacific Produce Co. Ltd.

JOINS PROVINCIALS

Douglas Robbie, for some years on the staff of the Grimsby Natural Gas Co., both before the war and since, has severed his connection with that firm this week.

For some time past he has had his application in to join the Ontario Provincial Police and he now has been accepted and leaves for Toronto on Monday for a six weeks' training course.

He is a brother of Sergt. Ike Robbie of the Provincials, now stationed in Cochrane and for some years stationed in Grimsby, St. Catharines and Welland.

PLAN FOR DISTRICT INCOME TAX OFFICE BELIEVED SCRAPPED

Although no official statements have been forthcoming it is lieved that the proposed plan to establish St. Catharines as headquarters of an income tax district for the Niagara Peninsula with an operational staff of about 160 employees has been discarded.

Rumors circulating during the past few weeks were given more strength Tuesday with the appearance of an advertisement in The Standard offering 10,000 square feet of space in the new Dominion building for office rental. It had previously been intended to house the income tax and succession duty offices on the third and fourth floors and part of the second floor.

William Nicholson, assistant inspector of the offices, said Tuesday that his department was giving up its space on the second floor, was abandoning its reservation of the fourth floor and would locate on the tnird floor.

109 Front St. E., Toronto, Ont., \$10 It has been announced that the and costs for violation of the Pack- WPTB rental offices, now located age Regulations, selling tomatoes on King street, will be moved into Harry P. HOME-MADE PASTE

Three parts baking sods and one part salt makes an excellent homemade tooth paste, say the experts. Shortage of tooth-pasts, therefore, is no excuse for an unclean mouth

While teeth should be cleaned after every meal, if possible, this health-ensuring practice should never be neglected before retiring at night. The ideal is to do the teeth five times daily-early in the morning, after each meal, and before going to bed.

A sing-song followed, closing with Foxlease Vesper, Taps and

Well, anyway eggs are too expensive nowadays to be thrown at a political speaker.

Many a man keeps his nose to When a gal wears slacks, there ine grammont is nothing she thinks she lacks. I tries to keep up with the Joneses.

CANADA REPRESENTED AT GUIDE CONFAB

Girl Scouts of Canada, is shown being greeted on her arrival at the Guides association headquarters in London, by Miss Violet and Girl Scouts. Mes. Corbett is chairman of the world committee.

Baptist Church

Baptist 71st Anniversary Services will be held Sunday and Monday November 9th and 10th. The guest preacher for the Sunday services will be Prof. Parker of McMaster University. Dr. Parker is one of the most popular of the McMaster professors and is in great demand as an anniversary preacher.

The artists who will present the Monday evening Concert are, to use the descriptive statement, "tops" in their respective lines and will present an unusually fine evening's entertainment

Mrs. MacNaughton, the reader, is especially fine in character sketches and some of her finest numbers are her own. In one number without leaving the platform she represents a young bride, a mature matron and a sweet anxious little old grandmother.

For many months one who was jum, each one present was given a very dear to Mrs. MacNaughton card for his name, which he pinned was a patient in the Weston Sanaon, then proceeded along the re- torium and she visited there every ceiving line. This line was com- day without fail. During these visits she was gladly welcomed many of the patients One of these was a young Italian

named Tony and one of her fines she presents in broken English Rev. A. L. Griffith was chair- Tony's part in one of their talks man for this informal gathering together. This number will be giv-Tickets may be secured from

As the seating capacity of the church is limited those desiring tickets are advised to secure them

Presentation

Last Thursday members of the Ladies' Aid of St. John's Presbyterian Church spent a social evening at the home of Mrs. L. E. Larsen, with Mrs. W. H. Morris, on their behalf making a presentation to Mrs. Francis McAvoy. The Rev. Mr. McAvoy and his wife are leaving Grimsby, very soon, to reside in Nanaimo, B.C. Expressions of appreciation of her work and regret at her leaving, were made by all. Games and contests were enjoyed during the evening.

St. John's L. A.

The chicken supper given by the Ladies' Aid of St. John's Presbyterion Church last Monday night was a great success.

The tables and the hall looked very lovely with decorations of late flowers and fruits. Small pumpking with lighted candles gave a Hallowe'en effect.

The Ladies' Aid wish to thank all those who helped make it such an enjoyable occasion, especially Mrs. D. McIntosh, who played plano selections during the evening.

DEDICATION OF ORGAN AT ST. ANDREW'S CHURCH MEMORIAL TO THE LATE REY'D J. ALLAN BALLARD

On Tuesday evening, Oct. 28th, nign, paternal image such as thine the recently installed Casavant Or- was who so late did teach the way gan was dedicated by the Right for man to win eternity." Also Reverend L. W. B. Broughall, M.A., from 2nd Maccabees, 6.31—"And D.D., Bishop of Niagara. Evensong thus this man died, leaving his life was said by the Rector, the Rev'd for an example of a noble cour-E. Arnold Brooks, M.A., assisted age and a memorial of virtue, not by the Rev'd. Edwin Weeks. The only unto young men, but unto all." lessons were read by Rev'd. Dr. The sermon was preached by the Neil N. Leckie and the Ven. Arch- Ven. Archdeacon W. G. O. Thomp-

of the Chancel was unveiled by late Rector. Speaking informally Mr. G. G. Bourne and bears the and affectionately out of the great

"To the Glory of God and in Memory of the Life and Ministry of The Reverend John Allan Ballard, L.Th.-Jan. 4th, 1865 - April 17th, 1945, Rector of this Parish (7th), 1905-1944. And of Caroline Georgina Milne, his wife, who died June 3rd, 1935. "Such as are planted in the House of the Lord, shall flourish in the courts of the house of our God." The organ in this Church is dedicated to their memory."

The tablet is of polished brass with black, red and blue enamelling, mounted on an oak base with carved motif symbolizing faithful souls abiding in Christ.

The Organ itself is a two manual instrument containing 487 pipes were present for the service, repreand 27 stops, console and casework senting the large number of formof oak specially designed for the er parishioners who had assisted in church. It is the work of Casavant | the Memorial. Brothers, St. Hyacinthe, Quebec. The order of service printed for the occasion bore a text from Genesis -"Jubal was the father of all such as handle the harp and the organ." A quotation from Dante recalled thank her friends and neighbors for the subject of the memorial, "For their kind expressions of sympathy in the Baptist Church on Sunday colours and symbols of Hallowe'en. in the mind is fix'd, and now strik- extended to her in the recent loss on Sunday evening next. es full upon the heart, the dear, be- of her father.

Legion Jottings

Food parcels to their comrades of the British Legion, war widows and orphans, will be part of the Canadian Legion's

wedding present to Princess Elizabeth, it was announced today by Major General C. B. Price. The President of

the Legion stated that this would be a regular campaign to aid Great Britain. The parcels will be purchased through the non-profit Canadian CARE organization and delivered to the British Legion from CARE'S warehouses in Great Bri-

All of the 2,400 branches and auxiliaries of the Legion are being canvassed to support this campaign which will go on for at least the winter months.

It is not intended that this campaign will interfere with the sending of individual food parcels by Legion members, but rather to give an opportunity for the branches and members to send parcels to the many who are in distress.

Each Canadian Legion parcel will carry a sticker with the name of the Legion on it conveying son. greetings and best wishes to British comrades, and stating that it is part of the Legion's wedding Saunders, Grimsby Beach, a son. gift to Princess Elizabeth.

If this campaign turns out to be the success the Legion plans it should be, then many thousands of parcels will be sent to Great Britain this winter.

In addition, the Legion has ar- ville, a son. ranged for Prime Minister Mackenzie King to present a gold maple Smyth, St. leaf brooch set in diamonds with the Legion crest as a personal token gift.

HOCKEYICALLY SPEAKING—Ogeogosh, the nice weather of 7.30—Charlie's C. vs. P. Express. the past three weeks doesn't make a guy feel one bit like talking hoc- 7.50—P. Kings vs. Underwriters. key, but we have to do it anyway. The latest dope from the liniment 9.00 Boulevard vs. Iron Dukes. bottle says that the PEACH KINGS executive is all settled to wheel 9.00-Iron Kings vs. Rockets. with Capt. DOWIE as president, FRANK McPHAIL as secretary. JOHN HOLDER as guardian of the money bags and LITTLE DYKE 9.00—Lumber Kings vs. Flyers. the executive appointed THROCKMORTON FIBBER McGEE JARVIS as manager of the team for the season and OLD POP McVICAR as coach and gave him power to pick and appoint his own assistant coach. MICHAEL RUBEMDOWN SWEET and LITTLE JOE THE WRANG-LER HANDS were again appointed trainers. GEORGE BABIUK will again be the official goal judge. An official timer is yet to be selected. Other than this there is no information running loose. OLD POP refuses to divulge who and what he has hid in the lockers in the way of players and one reason for this is the watchful waiting to see what HAMILTON PATS are going to decide in the way of taking KINGS players up to higher company. PATS last Friday night with REID and WARNER flying like scared crows trimmed up the much publicized TIGERS 6-4 and did not have any real difficulty in so doing. Whether PATS will keep REID and WARNER and also grab HANN and HUT-CHISON is something that will not be known for a couple of days yet. GEORGE ZUKE is back from his sojourn with OTTAWA SENATORS but he is also a question mark so far as the KINGS are concerned. While the fans are doing a lot of doping and worrying, OLD POP goes about his business in his usual sang froid manner and does not appear to have a hockey worry in the world, but just what has he got under

NOTES FROM LIMEY'S NOTE BOOK-PEACH QUEEN'S LEAGUE performed nothing of a sensational nature last week. MARY GORDON showed flashes of her old time form and won the money prize for having the high triple of the week. . . Over in the MEN'S LEAGUE things have been somewhat different. Monday night PONY EXPRESS and the BOULEVARD pulled off a stunt that has never appeared on local records and I doubt if it has its duplication anywhere else in the province. The mail carriers took the first game by six points. The second game was a tie and the team captains bowled off one frame with the PONY boys getting the counter. The third game was a tie and the captains bowled off again with the BOULEVARD getting the point. On total points for the three games PONY EXPRESS only win out by four. There was no sensational bowling by any individual on either team. . . . Bowling for the IRON DUKES who took three points from the LUMBER KINGS, BOBBY ROBERTSON had 199-374-276 for a 849 triple. . . . UNCLE NIBSY SIMS trundling for the ROCKETS had a 167-264-328 for a 759 triple. ROCKETS defeated PEACH KINGS 2-1. . . . The unbeaten FLYERS took it on the chin when ARMANDA COMMANDO HUMMELL and his FIREMEN turned the water on them. Despite the fact, that on total points, the FLYERS had 3062 to the FIREMEN'S 2976 they lost the round by 2-1, DYKE LAWSON rolling them down for the fire laddies had 237-296-177 for a 710 triple. . . . The ZIMMERMAN family of PIN TWISTERS got a 3-0 shellack-

that dome of his? Plenty, that is a good bet, but you and I are not going to find it out for a few days yet. All the long drink of water will

say is "we will definitely have a hockey team and a good one, too."

ing at the hands of the MONARCHS and this in spite of the fact that KEITH had 204-240-351 for a triple 795. . . LITTLE JOE THE WRANGLER led the PONY EXPRESS to a 3-0 victory over the LUMBER KINGS when he trundled 221-203-285 for a 709. . . Can you imagine POP McCARTNEY gathering himself a 231-277-165 for a 673 for his team, the UNDERWRITERS, to help them beat the EAST END 2-1 and that in face of the fact that ART ERHART rolled 205-238-278 for a triple 721. . . . CLATTENBURG'S CLIPPERS took the M BUMS 2-1. When is that latter outfit going to start bowling. . . Some of those MEN'S LEAGUERS are bowling worse than the PEACH QUEEN'S. Just think, three men on one team with scores below 400.

The life span of a horse is anything from twelve to twenty years. But that doesn't disturb a real horse. If you can remember as far back as 1921 you will remember Man o' War as one of the mira few week ago Mano' War celebrated his thirtieth birtday. He is still good enough totake his three or four hours exertise a day and to dispose of his daily quota of a bale of timothy and cover and 14 quarts of oats with relish.

But, according to Lee McCabe who writes of such things in the New York Times Magazine, he still doesn't set any record. The record is held by a New England minister's buggy horse named "Big Red" who reached the incredible equine age of 53 years. Perhaps the godly association accounts for his longevity.

The machine has made man's burdens lighter, says a writer. But not the political magnine.

Rip Van Winkle couldn't sleep for twenty years nowadays. A broadcast of some football game 9:00-South Haven vs. Rochester. would wake up the old boy.

MARIO IS ON PROSPERITY STREET

You can help Hydro keep her there - Save Electricity

Ontario has made giant strides since the war. Her output from factories, farms and other industries has expanded enormously. In fact, her progress has been phenomenal.

Here is the rub. Since industry in Ontario depends so heavily on Electricity, this wonderful expansion has resulted in insistent calls for more and more Hydro power.

What is the Answer? Just this: Hydro has many new power developments under way, but it takes several years to build new generating plants. In the meantime Hydro asks each of you good Ontario citizens...homemakers, workers, farmers, storekeepers, business men to do your part... to Save Electricity. It should be easy. All of us use it lavishly-more so than any other people on earth-because Hydro rates are so low.

Every saving, no matter how small, will be worth while. Don't burn lights needlessly, use your electric range with care. Turn off motors and appliances as soon as you are finished with them. Please do your part and save electricity, everywhere you can. It's needed during every daytime hour.

Every bit of Electric Power saved will be used to maintain employment, to make more jobs, to keep Ontario on Prosperity Street.

Save Electricity - Maintain Employment

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO

Three Centuries Ago

Coffee, which came to North America three centuries ago and favorite beverage, is undergoing evolution pains. Its 1,300-year-old trail beginning with nomadic Arebs

Through the centuries methods of making of brewing coffee have This Bill which was given its changed but little. Roasted beans,

with its lengthy preparation ritual tainers of any kind to handle his coffee is a spoon of powder and boiling water.

Instant coffee, as the makers call it, is not a particularly new product. But coffee drinkers, offered powdered products made by imperfect processing methods, have been reluctant to abandon the idea that a good brew can only be made via the "perking" or drip methods.

When war came the Borden Company, Limited, already long experienced in the evaporating, dehydrating, and condensing of foods, threw its technical and research staffs into the job of producing an instantly soluble coffee for the armed forces.

Prime requisite was that it must be pure coffee, nothing added, nothing taken away-except the moi-

To get their Instant Coffee they followed the exact technique used in making coffee for generations which coffee lovers have come to regard as part of the coffee-drinking rite. They built giant percolators, and in them brewed fullstrength coffee from fresh, carefully selected blends. But they went one stage further-they then extracted all water from the brew.

Left behind was a brown powder, pure coffee essence, needing only replacement of the water to reconstitute a full-strength beverage.

To the housewife this is a major advance in modernization of foods and teverages. It does away with the assembly line method of coffee making. It removes one more item from her dishpan, leaves no grounds for ultimate disposal, eliminates waste since only the required amounts of coffee need be made, and also makes it possible to vary the strength of each cup of coffee according to individual taste. The work of brewing coffee is done in the factory before the powder is packaged for sale.

For iced coffee, rapidly increasing in popularity as a summer beverage, the saving in time and labor is even greater.

Most authorities credit Ethiopia as the coffee plant's original home. It now grows in a belt of equatorial countries encircling the globe, with Brazil the largest single producer. Early in North American history, famed William Penn paid as high as ninety cents per cup of coffee, a far cry from the cent-acup average of today's Instant

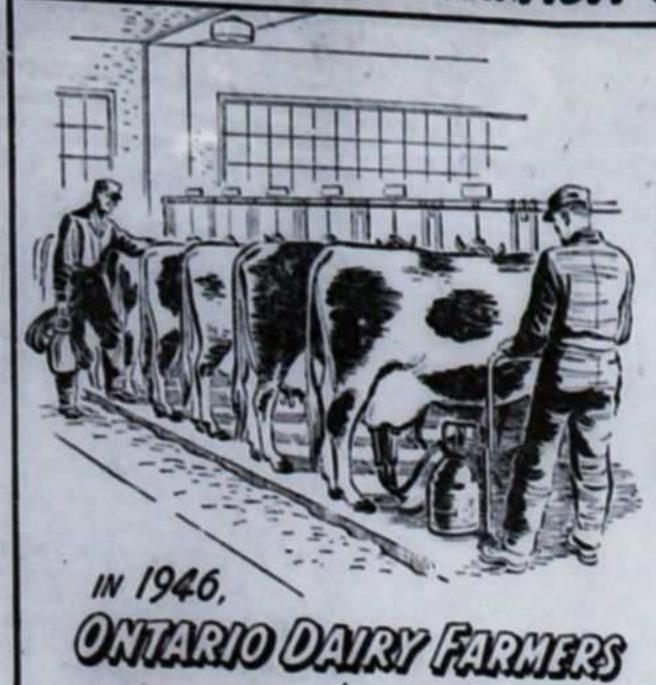

Almost half Canada's population are coffee drinkers, consuming an average of five pounds each per

It has taken many years to evolve today's time, labor and money-saving method of making coffee, but just as modern Mrs. Canada reaches for a package of flakes or powder instead of going through her grandmother's routine of making soap from wood ashes and waste grease, she can now brew perfect coffee from a jar of powder and a kettle of boiling

COUNTY HEALTH UNIT Dr. Currey, during the course of his report to the County Council stated that many of the canneries in eight townships of the county were a nuisance to the district and he expressed the opinion that he could close them if necessary. He added that he thought it wiser to attempt to have the management of the various canneries sit down with a committee of the council and the health unit to discuss their problems. Dr. Currey also stated that the municipalities of Lincoln must co-operate with the Health Unit in an attempt to force the canneries to properly dispose of their waste.

Replying to questions hurled at him by irate reeves and deputyreeves of Lincoln municipalities, Dr. Currey admitted quite frankly that at the present time there was nothing that he or the Health Unit could do regarding the odors emanating from the canneries in the district. Several of the reeves declared heatedly that something must be done to halt the ever-increasing number of complaints being received from residents of areas in which canneries are situated.

Dr. Currey presented an extensive report on the activities of the Health Unit with regard to T. B. control, disease prevention, child welfare, food handling, school services and water supply. Dr. Currey informed the council in speaking about the district's supply of milk that fifty per cent of the milk being supplied to dairies is not good. "If it was not pasteurized I would not touch it." he declared.

The council unanimously decided Caistor Township council with a reto request the Department of quest for a report as to which is Health in Toronto to ask the pro- approved by the majority of the vincial government for the neces- residents of the township. sary legislation so that sanitary Due to the fact that the request laws in the province could be uni- of Louth Township for considerformly enforced by health units. ation regarding a proposed addi-

Pelham Road to the Martindale Road into the county road system. Council also accepted the recom-

mendation of the Road Committee and increased the salary of Road Foreman Irvin Mewhiney to \$3,000

per year, effective November 1.

Lincoln supported the action of the Town and Township of Niagara councils in protesting the application of the New York Central Railroad to abandon the Niagara

Branch of the rallway. The company proposes to abandon the line from a point 3.16 miles northwest of Stamford to and including Ning-

ara-on-the-Lake and has applied to the Board of Transport Commissioners to this effect. Council felt that the action would result in the loss of all rail transportation fac-

ilities for the town and township of Niagara and would certainly result in a great loss to the citizens

Acting on the request of the Children's Aid Society and also upon the recommendation of Clerk

MRS. A. W. MASON

Mrs. Arthur W. Mason, of Grimsby, and formerly of Guelph. where she was active in I.O.D.E. and other women's organizations, died suddenly in St. Joseph's Hospital, Hamilton, Tuesday morning.

She was a member of Lincoln Loyalist Chapter, LO.D.E., and of St. Andrew's Anglican Church, Grimsby. An accomplished musician, she was also a member of St. Andrew's choir.

Before taking up residence at Grimsby, Mr. and Mrs. Mason had been summer residents at Grimsby Beach for many years.

Mrs. Mason was a daughter of the late S. Springer, a former bursar and superintendent of the Ontario Agricultural College, Guelph. For 25 years she was soloist and choir director of the Norfolk St. United Church in that city. She was an active member of the Presto Music Club and took a prominent part in the Guelph Little Theatre productions.

She was a charter member of the Guelph Music Teachers' Association, the College Women's Club and the Women's Canadian Club. She was soprano soloist in the Metropolitan United Church, Toronto, for a time, and was for several years a member of the Mendelssohn Choir, of Toronto. She studied singing in New York under direction of Oscar Sanger, Walter Goldie and Signor Morenzo.

She was regent of Victoria Chapter, LO.D.E., Guelph, from 1938 to 1945, and, on moving to Grimsby,

was made a life member. Her husband, Prof. A. W. Mason, who survives, retired a few years ago after 38 years' service on the

O.A.C. staff. Surviving besides her sorrowing husband are two sisters, Mrs. C. I. Arnold, Toronto, and Miss Iva Springer, Welland.

The remains are resting at the Stonehouse Funeral Home until this afternoon at 2 p.m. when services will be conducted in St. Andrew's church. Interment will be in the Mausoleum, Woodlawn Cemetery, Guelph.

BAD BET

If you are thirty-five years old. you have, on the average, about seventeen million more minutes to live. When you take a chance just to save a minute, you are putting those millions of remaining minutes on the wager. It might seem that the odds are too high.
